Better Read These Terms of this Sale and Avoid Misunderstanding and Disappointment

as your bids will be accepted ONLY on the terms as specified below,
and no exceptions can or will be made for any one.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

No commission charge will be made on coins purchased for you at this Sale.

Lots are sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalog. This guarantee holds good indefinitely. And my guarantee means something to you. Remember that there are thirty-six years of proven successful numismatic experience and ample financial responsibility back of this guarantee.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me or those who have had no previous credit established, must send a deposit of at least 25% of their bids, **otherwise they will not be accepted**, as I cannot be expected to ship goods to parties whose good standing is not known to me.

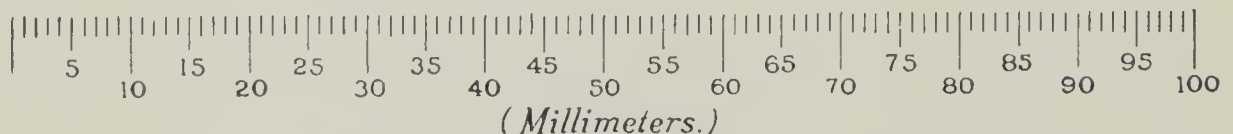

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing values of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, April 27, 1937.

If you have any coins that you want to sell either
at auction or private sale, write me for terms.

Georgia Five-Dollar Gold Piece

- 1832 (1834) \$5.00. C. Bechtler at Rutherford. Reverse, GEORGIA GOLD. 128 G., 22 Carats. Very fine; sharp; free from any nicks or dents. A most desirable specimen of this very rare coin, which has an auction record of over \$100.00.

Probably Unique Gold Lincoln Medal

- 1833 1865 Lincoln Gold Medal. Obverse, nude bearded bust of Lincoln facing left, date below; above, in semi-circle, ABRAHAM LINCOLN. Around, on raised circle "The Great Statesman And Beloved President." Reverse, inscription in six lines, "His Memory Is Enshrined In Every Loyal Heart." Size, 20½. STRUCK IN GOLD. Holed at top, probably as issued. King No. 284. Mr. King lists only this medal as having been struck in silver, copper and brass.

I wrote Mr. King inquiring whether he knew of this medal, and part of his reply was as follows:

"I have always been a little skeptical about the word "unique," but it is safe to say that this piece is very rare, if not absolutely unique."

This medal is in fine condition; free from any nicks, dents or scratches, and would make a tremendously valuable addition to any Lincoln Collection.

Probably Unique Gold Washington Medal

- 1834 Portrait of Washington in military uniform, facing right, surrounded by thirteen stars. Reverse, tablet on which is a facsimile of Washington's signature; above, incused, NATUS 1732, below, OBIIT 1799. GOLD, size 6 mm. Holed and loop. Perfect, with proof surface. Baker No. 157, who states that "only a few specimens were struck in silver when the dies broke." He makes no mention of any specimens having been struck in gold. Have never seen this medal before in any metal. Probably unique; certainly extremely rare.

ANCIENT GOLD and SILVER COINS

- 1835 **Ancient Gold.** Roman Gold Aureus of Commodus, 175-192 A. D. Fine portrait bust to right. Reverse, figure seated holding Nike on right hand. Extremely fine; sharp, and perfectly centered, but some dam fool wanted to make sure that the coin was of gold and filed on the top edge. However, the coin is a desirable specimen otherwise, and the owner claims to have paid \$20.00 for it.
- 1836 Roman Gold Aureus of Faustina. Fine portrait bust in high relief. Reverse, figure standing. Apparently a loop has been removed from edge, but this was done so skillfully that it does not mar the coin in the least. Very fine.
- 1837 Byzantine Gold, Solidus of Justinian, 527-566 A. D. Portrait of Emperor facing. Reverse, Angel seated. About fine.
- 1838 **Ancient Silver.** Sybaris, 600-510 B. C., Broad Stater. Bull with head turned back. Reverse, same type incused. One of the finest specimens of this interesting coin that I have ever seen. C. 141. Reverse, a branch with three buds. Inscription in ancient Hebrew. Strictly fine; evenly struck. Rare, and of highest historical interest. Now retails at \$50.00 to \$75.00.

Rare Canadian Beaver Token

- 1848 1820 Beaver Token. Head to right, TOKEN above, date below. Reverse, a beaver; legend, NORTHWEST COMPANY. Brass. Holed as issued. Breton No. 925, Rarity 5. (Value \$50.00 to \$100.00.) Very rare and valuable.

1937	1936	Kentucky, Denver Mint. Very limited coinage.

The Next "Lot" Is for Sale at Fixed Price Only

This "lot" is probably as an important one to every collector as any lot in the Sale. I refer to the PRICE LIST of this Sale of nearly Two Thousand (2,000) lots of fine numismatic material. This Price List will tell you plainly and quickly what each and every coin in this Sale sold for, and this will simply mean that you are keeping yourself posted on the prevailing values of coins. And as Knowledge is Power, by gaining this knowledge you will find your collecting not only more pleasant but more profitable as well.

When I started to dictate this "lot" I intended to say that the Price List was a bargain at \$1.00, but my generous (?) nature got the best of me, and I offer you this Price List at just Fifty Cents! Send in your order for the List now, as after the date of Sale the price must be, and will be \$1.00.

"Twenty Thousand Collectors Can't Be Wrong"

An innocent-looking booklet of 60 pages appeared on the numismatic horizon in February of this year. Its title—"The Commemorative Coins of the U. S.," with fine half-tone illustrations of every issue, describing each and every coin, giving the number coined, number sold, number remelted, and issue price, together with personal and other comments, favorable and otherwise.

Well, now I wish I had the Rockefeller millions so that I could publish a book, (and it would take a huge volume), reproducing the hundreds of letters I was swamped with from those who read the booklet. In my thirty-seven years as a numismatic dealer and publisher, I have never witnessed such a spontaneous outburst of enthusiasm, as well as favorable comment, as this booklet received.

If you haven't bought your copy, I'd advise your ordering it now. Although the first edition was of twenty thousand (20,000) copies, only a small number is left. **The price is just 50c, postpaid.**

If you want a special Deluxe edition, interleaved, bound in real leather, stamped in gold, and, if desired, autographed by the compiler, the price is \$2.50.

Blair Mell-

When and If—

You consider selling your collection

you owe it to yourself to let me tell you and **SHOW YOU** how and why I can serve you to your entire satisfaction and profit.

Please remember that I have been in the numismatic profession—in the same place—for more than thirty-six years. My numismatic establishment is recognized as the largest of its kind. I enjoy a financial rating and a financial responsibility to guarantee you against loss of **ANY KIND!**

THAT'S surely worth your careful thought before you ever part with any portion of your collection.

I advance liberal amounts of cash without interest on all valuable collections and consignments. Or I will purchase your entire collection for immediate spot cash payment, regardless of its extent. Due to my extensive advertising—spending over \$100,000.00 every year for the past ten years or more—gives me the largest outlet for all classes of coins than that of any other market, therefore I can afford, and do pay as much and more than your coins will net you at any other market.

Shall be delighted to hear from you at any time. No obligation on your part. Will also be glad to arrange for a personal interview wherever the transaction warrants.

Cordially yours,
